

InfinityPATH

SPECIALISTS IN HISTOPATHOLOGY

ANATOMICAL PATHOLOGIST

InfinityPATH consists of a passionate team of people who are focused on quality service for our doctors, patients and colleagues. **InfinityPATH** is a rapidly growing, boutique Histopathology laboratory, located in Underwood.

InfinityPATH are seeking an experienced **Anatomical Pathologist**, with interest in **skin pathology**, to join our expanding and dedicated team. You must be a self-starter, care about our patients, be reliable, be flexible, adaptive to change and be a committed part of our team.

This position is open to full-time, part-time and job-sharing candidates. Hours of reporting are flexible from Monday to Friday, 7AM to 7PM.

Be a part of the team making a difference in the pathology industry - come and join the **InfinityPATH** team.

Position Requirements:

- Specialist Medical registration in Anatomical pathology (including cytopathology) with the Australian Health Practitioner Regulation Agency (AHPRA)
- Fellowship of The Royal College of Pathologists of Australasia, The Royal College of Pathologists of Australasia, Australia (FRCPA) or equivalent

PRIMARY DUTIES / RESPONSIBILITIES

Diagnostic (anatomic) pathologists examine histological sections for lesions and interpreting the results of specific tests in cytology. Gross dissection examinations are also conducted.

KEY ACCOUNTABILITIES:

Clinical

- To participate in routine specimen handling and reporting duties in the lab as determined by the Delegated Person and Company Director
- Participate in the cut-up roster.
- Typically an expectation of reporting around 80-100 histopathology cases per day. Daily quality reporting would regularly include reports with clinical correlation, images and educational hyperlink.
- To provide consultative and advisory services directly to referring clinicians in regard to patient care and best practice principles.
- To undertake other duties as agreed with the Delegated Person and Company Director, including teaching and research if required.
- To foster and maintain close links with medical colleagues to ensure a coordinated provision of service and assist in marketing when required.
- To ensure scientific and clinical effectiveness of the Lab.
- To participate in relevant quality assurance programmes and other quality activities such as the implementation of cancer reporting protocols, RCPA QAP and NATA accreditation.
- To manage your workflow to ensure timely, safe and competent reporting of all specimens
