

SPECIALISTS IN HISTOPATHOLOGY

SUPERVISING PATHOLOGIST

We are seeking an experienced Supervising Pathologist (Designated Person) to play a pivotal role in governing InfinityPATH into the next phase.

The Position

- Drive excellence in patient care, safety and best practice
- Provide overarching clinical governance, supervision, support and training to the Anatomical Pathologist and Scientific teams
- Perform management control and review of
 - external and internal quality assurance frameworks including QAP and RCPA IQA participation requirements
 - laboratory quality systems
 - risk management for the medical pathology services provided by InfinityPATH
- Participate in NATA accreditation
- Perform performance review of immediate reporting staff
- Possess Medicare Approved Pathology Practitioner (APP) status
- Possess Fellowship of Royal College of Australasia (FRCPA) with Specialist Registration with AHPRA
- Relevant Scope of Practice in Anatomical Pathology
- Full time onsite

The Package

InfinityPATH offer tailor-made packages including profit sharing to assist and safeguard you and your professional network now and into the future.

Package also includes conference/study leave and allowance; relocation expenses can be negotiated if required.

About InfinityPATH

InfinityPATH is one of the largest and fastest-growing independent private pathology labs in Australia with a focus on Skin and Gastrointestinal Pathology.

With an experienced team of inhouse software developers, **InfinityPATH** are one of the pioneers of advanced Laboratory Information Systems (LIS) in Australia. **InfinityPATH's** custom built LIS is designed to facilitate efficient high-quality reporting for our pathologists and to enable easy communication of information.

InfinityPATH's vast logistics network extends nationwide, from major towns and cities to regional areas including mining districts.

InfinityPATH is located in a thriving Brisbane suburb, surrounded by cafes, restaurants and fitness facilities. You will be working in our brand-new offices with natural light and external views, in a friendly, family-like environment.

You will be supported by a dedicated, steadfast, and skilled team of scientists and administration staff. There are no complex surgical specimens or frozen sections, ensuring an excellent work/life balance.
